66%
 (within 9 months of program completion)

POINTS OF INTEREST:

A leader in new and innovative programs

Washington's leader in transfer education with nearly 1,000 students annually transferring in more than 50 interest areas.

Home of the Center of Excellence in Information and Computing Technology, a statewide resource for IT education and training, best practices, industry trends, and career events. Led a statewide consortium of 4 Centers of Excellence and 8 colleges in the development of InnovaTe Washington, a \$15.8 M grant focused on preparing the IT workforce for jobs in aerospace, energy and global health;

Home of the Life Science Informatics Center and the lead college for a 10-state Health IT training consortium.

The largest provider of continuing education in the system with over 1,000 classes serving more than 20,000 students per year.

Applied Baccalaureate Degrees

Bellevue College was a pioneer in the state's innovative Applied Baccalaureate efforts, offering the first degree in 2009. BC now offers degrees in Radiation and Imaging Sciences and in Interior Design. BC has applied for authority to offer a third Applied Baccalaureate, in Healthcare Technology and Management. Bellevue College serves about 120 students annually in the Baccalaureate programs.

Partnerships With the Business Community

Partnering with more than 1,800 businesses, Bellevue College works with employers to shape the workforce to meet regional needs. BC responds flexibly and creatively to business and industry's changing requirements, training 11,000 students annually in high-demand job skills. Among the College's long-term partners are Microsoft, Boeing, Costco and many of the region's health care organizations.
