

**ATD System Training
Building a Culture of Evidence
Regional Workshops**

Six colleges completed their *Achieving the Dream* grant in summer 2011. Representatives from those six colleges will help all 34 community and technical colleges build a culture of evidence through regional workshops.

Introductions

Outcomes of this workshop

Participants will understand how building a campus-wide culture of evidence will support new accreditation standards and greater student success

- Participants will identify strategies used by senior ATD colleges to build a culture of evidence.
- Participants will begin to use data tools available for supporting a campus-wide culture of evidence.

Definition of a culture of evidence

Panel

College groups will discuss questions related to building a culture of evidence

Use of data tools
