POINTS OF INTEREST

New This Year: NSF Cyber Security Grant, Associate of Music Degrees

Thanks to a National Science Foundation grant, Tacoma Community College (TCC) was able to respond to the regional tech boom by doubling the capacity of our Networking and Cyber Security program. The program comes with a Workforce Navigator, who helps guide students as they transition into this in-demand field.

A new Associate of Music Degree option gives students planning to teach or perform music an affordable, rigorous two-year start on a four-year degree.

Guaranteed Admissions Program between Tacoma Community College (TCC) and University of Washington, Tacoma (UW Tacoma)

TCC students who complete our nursing programs are guaranteed admission to UW Tacoma's Bachelor of Science in Nursing. This provides an excellent, accessible pathway for nursing students.

TCC and UW Tacoma advisors and nursing faculty counsel pre-nursing students to consider course work required for graduation from an RN to BSN program.

On the Horizon: Health and Wellness Center Opening this Spring!

When TCC's new Health and Wellness Center opens in spring 2017, students will gain new sports and fitness opportunities, great new options for study and relaxation, and a space large enough to hold the commencement ceremony on campus.
