KEY FACTS (DATA FROM 2017-2018 ACADEMIC YEAR. REFLECTS HEADCOUNT UNLESS OTHERWISE NOTED.)

Year Founded 1966	Enrollment Headcount (all sources) 28,070 FTES (all sources) 12,108
Service Area Bellevue, Issaquah, Mercer Island, Skykomish, Snoqualmie counties	Headcount (state-funded) 16,663 FTES (state-funded) 7,761
Legislative Districts 5, 39, 41, 45, 48	Students in Selected Programs Applied bachelor's 634 I-BEST 50 International 1,856 Running Start 2,624 Worker Retraining 277
Highest Enrolled Programs • Business and Accounting • Computer Science/Information Technology • Interior Design • Nursing • Radiation and Imaging Sciences	

STUDENT PROFILE — STATE-FUNDED

POINTS OF INTEREST

- New Robotics and Artificial Intelligence (AI) Degree Offered** Students eager to enter an emerging field that is predicted to rapidly expand as it evolves can investigate the new transfer associate degree in robotics and artificial intelligence (AI) at Bellevue College. Maureen Majury, director of the Center of Excellence for Information & Computing Technology, housed at Bellevue College, has been researching the potential job demand and technical skills required for robotics, artificial intelligence and drones. BC faculty quickly joined with her to develop the program. Industry leaders told BC that “the human-computer interface won’t be just working with code management tools, but also with AI, machine learning and data tools,” said Majury. “The consensus from experts was that it is critical to prepare the next generation with these skills. Robotics and AI will disrupt industries, but it will create new jobs as well.”
- New Student Success Building Underway** The Bellevue College community and local leaders celebrated the groundbreaking of the new Student Success Center in August. The three story, 69,000 square foot facility is slated for completion in early 2020. It will create an integrated and seamless service experience for students by housing multiple support programs that will assist and guide students through their academic journey.
- First Residence Hall Opened** BC’s new residence hall opened in August 2018. This five-story, 400-bed building features apartment and suite-style units, with private kitchens and bathrooms. Students living on campus have access to a front desk, free Wi-Fi, and on-site laundry facilities. The residence hall has student life features such as community spaces on each floor and planned events featuring cultural, academic and community programs.
