Male	43%

**Median Age:** 31

**Family and Finances**

Students receiving need-based financial aid in eligible programs	57%
Students who work	48%
Students with children	10%

\* May not add up to 100% because students may be counted in more than one race. Percentages calculated on reported value.

**POINTS OF INTEREST**

**Workforce Training Builds Bridges from Classroom to Career**

Spokane Community College partners with the CCS Center for Workforce & Continuing Education to provide industry-driven credit, corporate training and continuing education for local employers and their workers. This allows area employers to apply for state Job Skills Program grants and the Customized Training Program to assist them with training and professional development. Recognizing the critical need for a skilled allied health workforce, SCC offers 16 Allied Health programs, nine Health Field Support programs, and seven professional pre-major programs preparing students for university transfer into health-related professions.

**Apprenticeship Program Trains Workers in High-Demand Fields**

We provide 22 apprenticeship programs. We partner with Eastern Washington Apprenticeship Coordinators Council (EWACC) on a number of outreach events including Pizza, Pop & Power Tools, which has served more than 3,000 eighth grade girls since it began in 2003. SCC offers a pre-apprenticeship program, Skills Trade Preparation (STP), giving applicants, particularly women and minorities, the basic skills and knowledge to be successful applicants in construction apprenticeship programs. STP has been a great success for both students and apprenticeship programs.

**I-BEST Programs Accelerate Learning Success**

SCC offers the largest Integrated Basic Education and Skills Training (I-BEST) program in the state. I-BEST programs vary in delivery model to best meet the needs of students with the goal of accelerated success and completion. Each program is designed around the needs of the students and often targets areas where the additional support is most effective with the additional I-BEST support. On-ramp programs give English as a second language (ESL) students the opportunity to engage in these high-wage, high-demand pathways sooner by providing the opportunity to increase content specific skills prior to enrolling in I-BEST. I-BEST is offered throughout the six county service area served by CCS including programs in Pullman, Colville, Newport and Republic.
