STUDENT PROFILE

Race/Ethnicity*

Am. Indian/Alaska Native	2%
Asian	4%
Black/African American	3%
Hispanic/Latino	46%
Pacific Islander	1%
White	62%

Gender

Female	59%
Male	41%

Median Age: 21

Family and Finances

Students receiving need-based financial aid in eligible programs 33%

Students with dependents 65%

*May not add up to 100% because students may be counted in more than one race. Percentages calculated on reported value.

POINTS OF INTEREST

New Student Recreation Center Columbia Basin College (CBC) is proud to open a brand new, 80,000-square-foot Student Recreation Center (SRC) in 2022. This state-of-the-art facility will offer a varsity competition court with seating for 1,250 people, a separate practice court, and an additional multi-purpose gymnasium for more recreational use. Students also have access to a sparkling new Fitness Center. The SRC will also feature room for eSports and additional educational spaces.

Completion Coaches Help Students on the Path to a Career CBC's Completion Coaches work one-on-one with students, helping them navigate individual academic pathways designed to get students career ready. These coaches are experts at providing students with the resources, support and skills needed to complete their degrees or programs. CBC offers a wealth of certificates and degrees, including Bachelor of Applied Science degrees in: Applied Management (with concentrations available in Agriculture and Healthcare Administration), Cyber Security, Dental Hygiene, Health Physics, Information Technology, Project Management and Teacher Education. CBC also offers a Bachelor of Science in Nursing. CBC's courses are grouped into eight schools, with students partnering with Completion Coaches with expertise in the student's school of choice.

Transferring: Easier than Ever CBC has added two exciting partnerships benefiting students who wish to start their college journey at CBC and transfer on to WSU Tri-Cities or Eastern Washington University. Both partnerships allow students to receive academic advising from both CBC and the institutions they intend to transfer into, allowing for a streamlined transition with the maximum transfer of class credits. The "Bridges" partnership with WSU Tri-Cities also waives the cost of applying to transfer and freezes students' tuition cost, giving these students cost certainty as they plan their four-year degree. All of CBC's two-year associate degrees are transferrable to CBC's Bachelor of Applied Science programs.
