### POINTS OF INTEREST

**Programs to Support Regional Workforce Needs** South Seattle College (SSC) offers a wide range of programs that prepare students for careers or continued education at a university. Pre-college and ESL programs give students a jumpstart into college and the workforce, while professional-technical programs train students for our region's most in-demand careers. These include careers in aviation, automotive, diesel maintenance, welding, nursing, landscape horticulture, culinary arts and wine studies. SSC also trains thousands of apprentices each year in over 40 different trades.

**Wellness Center Opening** SSC's Wellness Center will open to the campus community in winter quarter 2022, bringing a modern and spacious dedicated space for health and wellness to the college. Highlights of the center include weightlifting and cardio spaces, an indoor gym/basketball court, lockers, and a yoga room.

**SSC Awarded AANAPISI Designation** SSC has once again been awarded the US Department of Education Asian American and Native American Pacific Islander Serving Institution (AANAPISI) designation. The college will receive a five-year \$1.5 million federal grant as part of that designation to strengthen student onboarding and retention experiences to support our Asian American and Indigenous Pacific Islander students. SSC was one of the six inaugural colleges to receive this designation in 2008 and was active in supporting AANAPISIs to be a continuing designation with funding from US Department of Education.
