Fall Quarter Opening

July 20 - FAQ on Gov. Inslee's higher education reopening plan for fall

Good morning,

Happy Monday CBS Colleagues,

Please see the attached [issue brief about Gov. Inslee's higher education reopening plan](#) for fall quarter and reach out with any questions.

Best,

Will Durden
wdurden@sbctc.edu

Leadership Block Grant

July 16 - Expanded Use of 2020-21 Leadership Block Grant

Hello Colleagues,

BEdA refined and expanded the earlier guidance, sent 7/14/20, on expansion of allowable uses for the 2020-21 Leadership Block Grant (see revised message below).

Specifically, we refined the guidance on stipends and wages for faculty developing curriculum, and added a third bullet to allow for stipends and wages to be paid for faculty and staff to attend approved non-SBCTC/BEdA Sponsored professional development.

Please let me know if you have any questions, or if I can provide assistance.

Have a great Thursday, and stay safe and healthy.

1. Payment of stipends or wages for faculty developing curriculum for multiple instructional modalities (i.e. face-to-face, hybrid, and on-line). (If paying stipends, be sure to mention in the budget narrative that these duties are not part of employee's regular work duties.)
2. Payment of registration for non-SBCTC/BEdA supported trainings for faculty and staff that advance WIOA and WA State goals (these must be approved by BEdA Policy Associate for Professional Development: Troy Goracke tgoracke@sbctc.edu).
3. Payment of stipends or wages for part-time and full time faculty and staff to attend non-SBCTC/BEdA supported trainings that advance WIOA and WA State goals (Time and Effort would need to be completed and trainings must be approved by BEdA Policy Associate for Professional Development: Troy Goracke tgoracke@sbctc.edu).

July 14 - Expanded Use of 2020-21 Leadership Block Grant

Hello Colleagues,

I hope your weeks started well.

Due to the fact that the BEdA Team has moved most of our trainings for PY 2020-21 to an on-line/distance format, there were requests to expand the allowable uses of the 2020-21 Leadership Block Grant (LBG). We have decided to expand the uses of the Leadership Block Grant for the remainder of the program year to more fully meet the professional development needs of our providers. Please remember that you will need to update your LBG budget in Online Budget and Invoicing System (OBIS) for any budget changes.

The expanded uses for the 2020-21 LBG are:

1. Payment of stipends or wages for part-time faculty developing curriculum for multiple instructional modalities (i.e. face-to-face, hybrid, and on-line)
2. Payment of registration for non-SBCTC/BEdA supported trainings for faculty and staff that advance WIOA and WA State goals (these must be approved by BEdA Policy Associate for Professional Development: Troy Goracke tgoracke@sbctc.edu).

These changes are effective immediately.

Please remember any changes currently budgeted use of grant funds requires a budget revision in OBIS .

If you have questions please contact Troy Goracke.

Have a great Tuesday, and stay safe and healthy.
