Are you ready to shift how you think of skilled trades and engineering?
Join this innovative BTC group for insights and support!

What is SHIFT? Inclusive, Immersive, Impactful
A new student-centered program focused on developing gender equality across skilled trade and engineering programs at Bellingham Technical College. The main focus of SHIFT is to implement student-led strategies to support women and LGBTQ students in non-traditional career pathways. Everyone is welcome to participate.

What to Expect From Our Gatherings:
• Themed discussions delving into topics from first meeting
• Planning for future projects based on student interest
All students are welcome, and community members can join too!

Virtual Meetings are Coming Soon!
Check our new website at www.btc.edu/shift

Vision
SHIFT: Students Helping build an Inclusive Future for the Trades.
The SHIFT program in collaboration with BTC’s diversity, equity, and inclusion committee will develop and strengthen an inclusive and equitable community for all individuals in professional technical programs at BTC and beyond.

Mission
SHIFT recruits, supports, retains, and represents non-traditional students preparing for and working in industry.
