Legacy plan pillars:

- Guided Pathways
- Equity Diversity Inclusion
- Strategic Enrollment Management

New possible directions:

- Professional Development (continuing mentor model)... in the context of DEI
- AI... in the context of DEI
- Legislative response and agenda setting (policy development and implementation feedback loops) . . . in the context of DEI
- Staff retention . . . in the context of DEI

Consider assigning every person to a goal, with deliverables and action items. If we assign deliverables to Councils, we need clear, regular direction to these folks.

*Consider WSSSC as a **governance body** that is focused on policy analysis, response and recommendations for the system, based on our unique vantage as Student Services.*
