# Overview

Special Projects must have a statewide focus and/or impact and produce guides, reports, or resources available to all colleges in the system. Examples include, but are not limited to, presenters for WEC meetings; coordination of statewide student leadership organizations; conference or training development, planning, and sponsorship; broad program or curriculum alignment activities; and statewide collaboration on major initiatives such as CTE dual-credit and programs of study, career pathways, employer engagement, work-based learning, etc.

## Applicant Guidelines

### Who May Apply

This grant is open to community and technical colleges in Washington State as defined under [RCW 28B.50.030](#). Projects must have a statewide focus.

### How Does the Provider Apply

Access the 2021-22 Perkins Special Projects Application through the Online Grant Management System ([OGMS](#)).

If you do not have an account, contact your organization's [Security Contact](#) for access to the FY22 Perkins Special Project Grant.

Submit completed grant applications to the SBCTC through OGMS no later than May 31, 2022 at 11:55 p.m. SBCTC staff is available for assistance until 4:00 p.m. on May 31, 2022. ***Grant funds will not pay for costs incurred prior to the grant approval date and/or before July 1, 2021.*** For funding to start as of July 1, 2021, submit applications no later than May 13, 2021.

### Application Process

Under most circumstances, Special Projects will be reviewed and recommended for approval by the WEC Executive Committee. The committee meets in late July/early August of each year to develop priorities and determine the focus of Perkins Special Projects funds. It is recommended that applications be sent in no later than May 13, 2021 for consideration; however, applications received no later than one week prior to the WEC retreat will be reviewed. Colleges may request expedited Special Projects review and approval by contacting SBCTC's Program Administrator or Policy Associate for Workforce Education with an explanation of the circumstances warranting early consideration. In such cases, the application should be submitted no less than three weeks prior to the desired approval date. Grant funds cannot be used to pay for costs incurred prior to application approval or July 1, 2021, whichever is later.

We suggest writing responses to application questions in a word processing program and pasting the application content into OGMS. This will help ensure you do not lose any content if the OGMS application times out.

The assurances document that your college signed and uploaded to your 2021-22 Perkins Plan grant application applies to this grant as well.

## Disclaimer

SBCTC reserves the right to refrain from granting to any or all applicants. Additionally, SBCTC reserves the right to add additional grant requirements to applicants meeting minimum criteria to receive funds but that are deemed to be higher risk grantees. Additional requirements may include, but are not limited to, additional reporting requirements or additional monitoring to assess the applicant's ability to adhere to grant requirements. Any additional requirements will be outlined for individual applicants prior to applicants accepting any resulting grant funding.

## Funding and Reporting

Special Project funds are available July 1, 2021 and must be expended by June 30, 2022.

Grant funds will not pay for costs incurred prior to the grant approval date or before July 1, 2021.

Funds depend on federal budgets and Workforce Training and Education Coordinating board (WTECB) policy.

Final reports are due July 31, 2022. Final report forms are on the SBCTC [website](#). Final reports must be uploaded as an attachment to the grant in OGMS.
