Transfer Credit Processing

1. Receive Student Transcript
2. Is the transcript electronic?
   - Yes: Automated Processing
   - No: Manual Processing

Automated Processing:
- Create Transfer Credit Model and Define Articulation Terms
- Fetch Internal Transfer Courses
- Verify/Define Rules and Equivalents
- Accept/Reject Articulation
- Verify or modify course equivalent, credit, and grades

Manual Processing:
- Enter external Organization Details/define articulation terms
- Record External Courses
- Define course equivalencies
- View/Edit transfer details
- Post Credits
- Verify student transcript

Final Steps:
- Process Transfer Test Credit
- Process Other Credit
