

To fill in this form, start typing at the location of the first gray box. Press the Tab key to go to the next gray box. Repeat this procedure until the form is completed. Save the form, if needed.

INFORM.PLIB DATAEXPRESS NOTIFICATION FORM	
DataExpress Procedure Name	FM2006R2
Group	INFORM
Account	PLIB
Procedure Password	NONE
Database Passwords Required	<i>List names of databases used in procedure here.</i> PAYRH, EMP
Report	PAYROLL HIST (SEMI-MTHLY) USING SID
Purpose and Description	While the output format is a run-time option, the intent of this report is to replace FM2006R for use with FMS Query. EMP-ID (SSN) is replaced by employee SID in this version.
Special Instructions	FM2006R2 is scheduled using ZX2113J job and produces the pay.dbf file. Check that the job runs properly. Open the pay.dbf file in excel to check for SID. Since the link to the Pay.dbf file is dynamic, no further changes should be required to the Pay table.
Dependencies	None
