

FMS Month-End Processing

January 2020

The following outlines the FMS month-end job scheduling process. Process levels displayed assume that job group FG001D (Daily Accounting) is scheduled at Process Level **B**, and job group FG088D (Customer Accounts Billing) is scheduled at Process Level **C**. If this is not the case, please adjust your schedule accordingly.

FMS month-end processing consists of three parts:

- [Part I: Prior to Month-End Processing](#)
- [Part II: Month-End Processing](#)
- [Part III: After Month-End Processing](#)

Notes: When scheduling the month-end processes, leave the FREQ (frequency) field on the Job Scheduling screens blank.

After month-end processing, remember to change YR-MO (year/month) parameter to 2002.

If you have any questions, please email SBCTC-ITD Customer Support at support@sbctc.edu
