Introduction

This document describes how to install Student Kiosk Access, release 1.2. Student Kiosk Access is a SBCTC-ITD Web-based application. It provides students with the ability to view a variety of information related to their academic records. Student information is displayed in real-time using the World Wide Web. Although Student Kiosk Access has the same functionality as Student Web Access, it can be run in a Web browser on a personal computer with a touch screen.

Special Considerations

Student Kiosk Access is dependent on having the SBCTC-ITD Web Transaction Server software installed.

Files Included With This Release

The following files are included with this release:

File	Description
help.html	Help page
home.html	Center frame definition
index.html	Frame definition
install.html *	These Installation Instructions
nav.html *	Navigation frame definition
title.html	Title frame definition
waci002.html	Unofficial Transcript Request
waci003.html	Student Schedule Request
waci004.html	Registration Appointment Request
waci005.html	Financial Aid Request
waci006.html	Class Schedule Request

waci007.html	Degree Audit Request
waci008.html	Pin Change
waci009.html *	Display Student's New SID parent frame
waci009a.html *	Display Student's New SID message frame
waci009b.html *	Display Student's New SID message frame
bg_main.gif	Top Line in main frame
bg_nav.gif	Top line in nav frame
bg_title.gif	Title (currently blank)
bt_audit.gif	Degree audit gif
bt_classsched.gif	Class schedule gif
bt_finaid.gif	Financial aid gif
bt_grade.gif	Grade gif
bt_hint.gif	Help/hint gif
bt_mainmenu.gif	Main menu gif
bt_newsid.gif *	Show Student's New SID gif
bt_pin.gif	Pin change gif
bt_regappt.gif	Registration appointment gif
bt_trans.gif	Transcript gif
bt_yoursched.gif	Student Schedule gif
hrule_sm.gif	Blank page
logo.gif *	Washington Online Logo gif
mm_bot.gif	Message at bottom of main frame
mm_img.jpg	Image on main frame
mm_top1.gif	Message at top of main frame
printanim.gif	Printer gif
tt_sos.gif	Title gif
StudentKiosk.cfg *	Installation Configuration Template

* Files noted with an asterisk are new or have changed since Student Kiosk Access, release 1.0

Installing Student Kiosk Access

This section provides instructions for how to obtain Student Kiosk Access from the SBCTC-ITD and install it on your college's Web server.

1. Download the executable file **StudentKioskAccess.exe** from the SBCTC-ITD Web site and save it on your PC.
2. Before you work with the executable file in the next step, you need to have the following information. In step 3, you will be asked to provide either some or all of this information.
 - The type of the server that you are installing install Student Kiosk Access on. Options include:
 - An NT Web server located at your college
 - A Unix Web server located at your college
 - The aurora.ctc.edu Web server located at the SBCTC-ITD
 - The type of HTML file extensions you are using, either .htm or .html.
 - Your college code.
 - The domain name of the Web server where Student Kiosk Access is being installed.
 - The URL and name of of the Web Transaction Server CGI script.
 - The URL to the directory where the Student Kiosk Access files are located
 - The Return URL that is associated with the Student Kiosk Access 'Back to Main Menu' links.
 - Whether Student Kiosk Access is being installed on a secure server .
3. In Windows Explorer, double-click the **StudentKiosk.exe** executable file to start the installation program and respond to its questions about your college Web site.

The program expands the HTML, GIF and JPG files for Student Kiosk Access and allows you to customize the files for you college.

4. Build a new directory on your Web server to store the HTML, GIF and JPG files.

The SBCTC-ITD recommends that you name the directory **kiosk**. If you currently have the Student Web Access application installed, the best position for the **/kiosk/** directory is at that same level.

5. Make sure that the permissions on the **/kiosk/** directory are correct.

At a minimum, the directory permissions should allow Read access for all viewers of the Student Kiosk Access pages. To see an example, you can look at any other directory that contains working HTML files.

6. Locate the Student Kiosk Access installation directory on your PC.

If you did not change the default installation directory step 3, this directory is named **C:/Program Files/CIS/Student Kiosk Access**.

7. Copy the files from the Student Kiosk Access installation directory and place them in the **/kiosk/** directory on your Web server.

If you already have Student Kiosk Access installed at you college, you may chose to either copy all of the files from the installation directory OR if you prefer, you can copy only those files that are new or have been modified since the previous release.

- Copy the HTML files as ASCII
- Copy the GIF and JPG files as Binary

You may use any software that allows you to copy files, for example, Windows Explorer or FTP.

8. Make sure that the file permissions on the files you copied to the **/kiosk/** directory are correct.

At a minimum, the file permissions should allow Read access for all viewers of the Student Kiosk Access pages. To see an example, you can look at any working HTML file on your Web server.

Creating an Icon for Student Kiosk Access

To execute the browser in kiosk mode, create an icon with a target line similar to the following:

Netscape:

```
"C:\Program Files\Netscape\Communicator\Program\netscape.exe" -k  
http://YOUR.URL.GOES.HERE/index.html
```

Explorer:

```
"C:\Program Files\Internet Explorer\IEXPLORE.EXE" -k http:// YOUR.URL.GOES.HERE  
/index.html
```

Configuring the HP 3000

If you currently provide the ability for students to access their student information through the Web, you do not need to make additional configuration modifications on the HP3000.

Documentation

Information about Student Web Access and other Web-enabled applications is available on the SBCTC-ITD web site. See the *Web Transaction Server Manual* on the [Application General Resources](#) page.

Contacting the SBCTC-ITD for Assistance

If you have any questions or comments about Student Kiosk Access, please call SBCTC-ITD Customer Support at (425) 803-9721 or send email to support@sbctc.edu.
