Guided Pathways Vision

A system that advances racial, social, and economic justice by achieving equitable student aspiration, access, economic progress, and educational and career attainment.

Guiding Principles

Principle #1

Guided Pathways requires urgent, radical, equity-minded, transformational organizational change.

Principle #2

Guided Pathways requires a culturally responsive commitment to racial and social equity by dismantling systemic policies and practices that perpetuate inequities.

Principle #3

The voices of students, faculty, staff and community members are essential to fully engage in adaptive problem focused inquiry processes leading to meaningful action and sustained systemic change.

Principle #4

Guided Pathways requires intentional collaborative learning through partnerships, professional and resource development

Principle #5

Guided Pathways requires a focus on learning and outcomes aligned with community values and industry needs.
