Jump Start Your Future

High School Students Earn FREE College Credit NOW!

253-583-8803

Register at: http://www.ctesers.org

HOW to earn college credit?

YOU can earn Community/Technical College credit at the same time you earn high school credit by completing Career and Technical courses with a 'C' grade or better*. (effective Sept. 2019)

WHY earn college credit now?

- You save up to $1,500 in college tuition before you graduate from high school.

- You stay on your high school campus and receive college credit.

- University Bound? Check with the admissions office for more information about their policy on credit transfer.

- Military bound? Earn a promotion and a pay raise with your college credits.

- Go to http://www.ctesers.org
- New students: click **Create New SERS Account**; Returning students, log in using your user name and password.
- Select **Register for Classes** under the **Registration** menu. To find all classes, click **Search**. To narrow your search, use the drop-down arrows, then click **Search**.
- Checkmark the classes you are taking this current school year.
- Click the **Register Classes** button at the bottom of the page.
- Checkmark the teacher who is teaching your class.
- When you have made your selections, click, **Save & Register** and repeat the process to change the class(es) you chose.
- To print a confirmation page for your records click on the **printer icon** at the top.

To Receive College Credit: Contact Georgia Elgar via e-mail at gelgar@pc3connect.org with your full name, SERS ID# (if available), high school, and best number to reach you.

You will need to add any new classes to your online dual credit registration if you take new courses each school year.

We cannot grant credit for courses completed during previous school years that you did not register for in the online system.
